

half\_float::detail  
::binary\_specialized::fmin

```
graph LR; A["half_float::detail  
::binary_specialized::fmin"] --> B["half_float::detail  
::builtin_isnan"]
```

A diagram showing a call from a specialized function to a builtin function. On the left, a gray box contains the text 'half\_float::detail' and '::binary\_specialized::fmin'. A blue arrow points from this box to a white box on the right, which contains the text 'half\_float::detail' and '::builtin\_isnan'.
