

`half_float::detail::fma`

```
graph LR; A["half_float::detail::fma"] --> B["half_float::detail::functions::fma"]
```

A diagram illustrating a mapping between two C++ identifiers. On the left, a gray rectangular box contains the text `half_float::detail::fma`. A blue arrow points from this box to a white rectangular box on the right. The white box contains the text `half_float::detail::functions::fma` on two lines.

`half_float::detail
::functions::fma`
