

half\_float::detail  
::binary\_specialized::fmax

```
graph LR; A["half_float::detail  
::binary_specialized::fmax"] --> B["half_float::detail  
::builtin_isnan"]
```

A diagram showing a transformation from a specialized function to a builtin function. A blue arrow points from a gray box on the left to a white box on the right.

half\_float::detail  
::builtin\_isnan
