half_float::detail
::cbrt

half_float::detail
::functions::cbrt

```
graph LR; A["half_float::detail::cbrt"] --> C["half_float::detail::functions::cbrt"]; B["half_float::detail::cbrt"] --> C;
```

The diagram illustrates a mapping or resolution process. On the left, there are two separate boxes, each containing the text 'half_float::detail::cbrt'. Blue arrows from both of these boxes point towards a single box on the right. This right-hand box is shaded gray and contains the text 'half_float::detail::functions::cbrt', indicating that the two separate references on the left are resolved to a single, more specific function definition on the right.
