

half\_float::detail  
::isinf

half\_float::detail  
::isinf

half\_float::detail  
::functions::isinf

```
graph LR; A["half_float::detail::isinf"] --> C["half_float::detail::functions::isinf"]; B["half_float::detail::isinf"] --> C;
```

The diagram illustrates a mapping or inheritance relationship. On the left, there are two separate boxes, each containing the text 'half\_float::detail::isinf'. Blue arrows from both of these boxes point towards a single box on the right. This right-hand box is shaded gray and contains the text 'half\_float::detail::functions::isinf'. This suggests that the two separate entities on the left are being consolidated or mapped to a single, more specific entity on the right.
